"All the ideas that have enormous consequences, are always simple ideas."
L.T.

MAIN CONFIGURATIONS

models		operator interface	customer display	printer
range EXTREME	ASC-300	15" monitor 1024 x 768 with led backlight / TFT touchscreen / number of PLU free	X	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	AS-303	15" monitor 1024 x 768 with led backlight / TFT touchscreen / number of PLU free	X	vertical printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	PL-323	15" monitor 1024 x 768 with led backlight / TFT touchscreen / number of operators 99	10.4" 800 x 600 TFT monitor with led backlight	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	PLC-221	10.4" monitor 800 x 600 with led backlight / TFT touchscreen / number of operators 99	10.4" 800 x 600 TFT monitor with led backlight	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	CS-211	10.4" monitor 800 x 600 with led backlight / TFT touchscreen / number of operators 99	7" 800 x 600 TFT monitor with led backlight	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
Range ADVANCE	ASC-000	100 capacitive keys / 7" TFT touch with led backlight / 100 PLU	X	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	AS-003	100 capacitive keys / 7" TFT touch with led backlight / 100 PLU	X	vertical printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	PL-012	61 capacitive keys / 7" TFT touch with led backlight / 32 direct PLU - number of PLU free / 6 direct operators - number of operators 99	7" 800 x 480 TFT monitor with led backlight	stand alone printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter
	PLC-010	61 capacitive keys / 7" TFT touch with led backlight / 32 direct PLU - number of PLU free / 6 direct operators - number of operators 99	7" 800 x 480 TFT monitor with led backlight	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm
	CS-010	61 capacitive keys / 7" TFT touch with led backlight / 32 direct PLU - number of PLU free / 6 direct operators - number of operators 99	7" 800 x 480 TFT monitor with led backlight	base printer module high resolution 3" thermal head paper width min: 56mm max: 80mm - roll diameter 120mm

general specifications range

Scale capacity multirange load 12-30 kg

connections
Usb(x4) | serial RS 232(x2) ethernet(x1)
Audio output | external printer power

Power
230Vca (+10% -15%)
battery backup

CPU
Quad ARM Cortex A9 1.2GHz

Speaker
internal speaker (output for external speakers)

Optional
extra scale pan

Scale capacity multirange load 12-30 kg

connections
Usb (x4) | serial RS 232(x2) ethernet (x1)
printer power

Power
230Vca (+10% -15%)
battery backup

CPU
Dual lite ARM Cortex A9 at 1.0GHz

Optional
extra scale pan

COD. 88D162

EXTREME AS

ADVANCE PLC

Capacitive interface,
new user experience

Modern Dual Core processor,
highspeed interfaces

ADVANCE PL

Suitable design for all
areas and environments

ADVANCE AS

Maximum ergonomics
for the receipt exit

OMEGAbilance

Modular system · Innovative design · Strength · Compact · Ergonomics & simple · Eco-friendly

Innovation in the world of scales

EXTREME PLC

OSSOBUCO

Very easy to clean

ADVANCE CS

Front printer opening compartment
for easy and fast paper loading

New interfaces,
easy to use

EXTREME CS

Printer module,
maximum installation flexibility

Adjustable displays,
high visibility for customer and operator
